- Developing responsive interfaces, optimizing performance, and ensuring cross-browser compatibility.

React Dev, Intern – Codex Cue | Remote   05/2024 – 06/2024
- Built reusable React components and integrated REST APIs for dynamic, data-driven applications.
- Enhanced UI/UX with responsive layouts and state management.

Personal Projects

Internship Log | *Next.js, React.js, Express, MongoDB, NodeJS, Tailwind CSS*
- Developed a web portal for managing student internship tracking and industry coordination, streamlining communication between students, faculty, and companies.

Expense Tracker | *React.js, Express, MongoDB, NodeJS, Tailwind CSS, Vite, recharts*
- Built a full-stack Expense Tracker application for managing, categorizing, and visualizing expenses with real-time updates on dashboard

Glow Care | *MongoDB, Express, React, NodeJS, GitHub*
- Built REST APIs with Express.js and MongoDB for data management and secure authentication, integrated with a React frontend.
- Developed an admin panel for doctors to manage requests and recommend products, with users able to view and purchase them

Vix Commerce | *React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap*
- Built a professional frontend website to showcase Amazon management services such as product research, sourcing, SEO, and PPC case studies, delivered under a freelance contract.
- Designed with an e-commerce-style layout to highlight business success stories and service offerings in an engaging way.

Infinity Tech Lab | *React.js, JavaScript (ES6+), CSS, Bootstrap, Vite*
- Built a professional website for a tech incubator to showcase services, startups, and contact information, delivered under a freelance contract.

Other Projects:
- **Protech** | *HTML5, CSS3, JavaScript, React.js* – Built a responsive product website with interactive and dynamic components.
- **Estate Pro** | *Next.js, Node.js, MongoDB, Tailwind CSS* – Developed a real estate platform with many features.
- **To-Do App** | *React.js / JavaScript* – Built a task management app with add, edit, delete, and mark-as-complete functionality.
- **Weather App** | *JavaScript / API* – Developed an app to fetch and display real-time weather data for any location.

Volunteer Work

Developing Youth Aspirations   2018 - 2021
- Delivered soft skill-based sessions impacting 2,200+ underserved students in Lahore, Islamabad, and Wahcantt. Granted 5M+ PKR in scholarships at all education levels and supported 350+ families with ration distribution during COVID'19.

Women in Computing Club, AUCIS   2023 – 2024
- Played a key role in organizing empowerment events, focusing on technical skill development in computing.
